FastDraw®

Chemical Management Systems

Innovative, Simple, and Versatile

Flexible. Accurate. Safe.

FastDraw®

Chemical Management Systems

Betco's FastDraw® chemical management systems consistently provide the correct dilution for cleaning staff. These innovative, versatile and simple systems utilize a one-size-fits-all FastDraw bottle design that reduces inventory investment. When cleaning chemicals are not accurately diluted, it is like pouring money down the drain, which can potentially endanger the cleaning staff and cause poor cleaning results.

Innovative

- **COST EFFECTIVE** - Reduce cleaning costs up to 30% by accurately diluting the correct amount of chemical while filling spray bottles, mop buckets or automatic scrubbers versus manually mixing.
- **ACCURATE DILUTION** - Built-in metering inserts in each FastDraw® bottle consistently maintain accurate dilution and eliminate maintenance.
- **MAXIMIZE CLEANING CLOSET SPACE** - Compact wall mounted design
- **REDUCE INVENTORY** - The FastDraw® bottle design serves all Betco chemical management systems.
- **SPILL PROOF DESIGN** - Eliminates the potential for chemical contact with the cleaning staff.

Simple

- The FastDraw® bottle design fits all dispensing systems for simplified training and use.
- FastDraw bottles are color coded and numbered for easy chemical selection and training.
- Intuitive icons eliminate guesswork for filling spray bottles, mop buckets, and automatic scrubbers, while streamlining the process for inserting and changing FastDraw bottles.

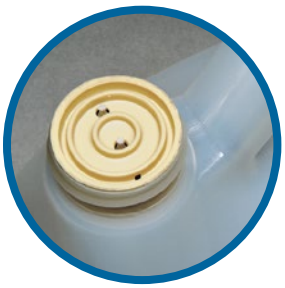
Versatile

- A wide variety of different cleaning and maintenance products meet a wide range of facility cleaning needs.
- Single or multiple product dispensing units precisely match your cleaning requirements.
- Dispensers available in wall mounted or portable options for dilution control wherever it's needed.

One Bottle for All FastDraw® Chemical Management Systems

Spill-proof design eliminates the potential for chemical contact with the cleaning staff.

Metering insert reduces end use cost per gallon by delivering accurate dilutions.



Patented technology utilizes two (2) metering tips for low and high flow dilution.

Number and color coded to eliminate cleaning staff misuse.

Tri-lingual labels for multi-cultural work force.

Multiple green products for environmentally responsible cleaning.

Curved siphon tubes allow complete product evacuation, eliminating waste.

The FastDraw® Chemical Management Systems reduces carbon footprint by decreasing chemical and plastic in the waste stream.

1 = 544*

**One concentrated bottle of FastDraw product can replace up to 544 RTU quarts!*

FastDraw® 1

Innovative. Versatile. Simple.

Betco's FastDraw® 1 is the most versatile wall mounted chemical management system — dilute multiple product from a single dispenser. Fill spray bottles, mop buckets or automatic scrubbers for consistent cleaning and reduced costs.

Ideal for small or large area cleaning that requires a single versatile dispenser.

FastDraw® 1 Dispenser
#91043-00

FastDraw® 1 Dispenser (Air Gap Version)
#91069-00

Innovative – *Docking cap design ensures reliability and consistent chemical dispensing.*

Approved – *American Society of Sanitary Engineers (ASSE) back flow device prevents contamination of water supply.*

Simple – *Quick chemical change improves productivity with no cross contamination.*

Safe – *Spill-proof design eliminates the potential for chemical contact with the cleaning staff.*

Compact size – *Easily installs above any mop sink in minutes with universal mounting holes (hardware included).*

Safety stop feature *on selector dial prevents accidental chemical dispensing.*

Versatile – *Dispenses an accurate dilution of chemical for spray bottles (1 gallon per minute - gpm), mop buckets (4 gpm) or automatic scrubbers (4 gpm).*

Instant docking – *No priming required before use.*

Large product site window *for easy chemical identification by name, color and number.*

Strong – *Durable polypropylene construction withstands the rigors of daily use.*

FastDraw® PRO

Durable. Versatile. Simple.

Betco's FastDraw® PRO new smaller and lightweight design fits in tighter spaces and is easier to install. The FastDraw PRO dispenser features an intuitive push button selector design. New mounting template comes standard with every unit, making installation quicker and easier.

Ideal for areas with multiple cleaning requirements.

FastDraw® PRO Dispenser
#92682-00

FastDraw® PRO Dispenser (Air Gap Version)
#92698-00

Versatile – *Able to mount in a corner or flat wall.*

Locking fill button – *Allows users to perform other tasks while filling.*

Large sight window *for quick product identification and fill level.*

Intuitive selector dial *allows for easy product selection.*

Simple threaded bottle connection *is easy to install, and check valve keeps system primed and ready for use.*

Single locking door *to prevent theft.*

Approved – *ASSE back flow device.*

Bottle or bucket fill *from each bay.*

Hidden drip tray *captures chemical from accidental spills.*

One-hand bottle fill button design – *Product immediately shuts off when button is released.*

FastDraw® Freedom

Innovative. Portable. Simple.

Betco's FastDraw® Freedom is an innovative, portable and simple solution for chemical management systems. FastDraw Freedom can fill spray bottles, mop buckets or automatic scrubbers and doubles as a foaming spray gun for cleaning restrooms, showers or food sanitation areas.

Versatile, portable chemical management system that does it all!

FastDraw® Freedom Portable Dispensing System
#91290-00

Versatile – *Portable lightweight design that connects to any standard hose and can be taken to any location where cleaning is required.*

Design maximizes utility *for dispensing chemicals into spray bottles (1 gpm), mop buckets (4 gpm) or automatic scrubbers (4 gpm).*

Molded hanging bracket *easily mounts for filling mop buckets or automatic scrubbers.*

Simple – *Ergonomically designed handle for comfort and ease of use.*

Innovative – *Powerful foaming action for cleaning restrooms, showers or food sanitation areas that require extended contact cleaning time.*

Recyclable – *FastDraw Freedom is made with recyclable materials.*

Los Angeles plumbing code approved, *built-in back flow device prevents contamination of water supply.*

FastDraw® Foamer II

Durable. Portable. Simple.

A durable foam gun designed to be utilized exclusively with Betco® FastDraw® products. Includes a Surecomfort™ grip handle, spray and rinse capabilities, and adjustable spray patterns. The foam gun generates rich and thick foam ideal for cleaning vertical surfaces.

Ideal for large showers areas, and food service areas.
