DfE RECOGNIZES GREEN EARTH® VELOCITY®

Betco Corporation, Toledo, OH- Green Earth® Velocity® has received recognition from the EPA's Design for the Environment (DfE) program. To receive this distinction a product must possess characteristics that improve environmental and human health concerns.

Green Earth® Velocity® is a neutral cleaner that quickly dissolves inks, oils, greases and fats from a variety of surfaces. Its neutral formulation is as aggressive and effective as alkaline, butyl degreasers. Velocity® is perfect for use with any of our FastDraw® Chemical Management Dispensers. Make the switch to our DfE recognized product to assist in national efforts to safeguard the environment and human health.

Betco has been positioned as an industry leader since 1950. We lead the way in engineering Innovative Cleaning Technologies for commercial and institutional cleaning. For more information about our products and services please contact customer service @ 1-888-GO BETCO or visit www.betco.com.
