

BIOACTIVE SOLUTIONS™

Grease Solv

Industrial Microbial Degreaser

Grease Relief

This effective, microbial degreaser is pleasant to use and will leave your surfaces clean, safe and smelling fresh.

Betco® BioActive Solutions™ Grease Solv is a proprietary surfactant package with a pleasant fragrance and a high count non-pathogenic microbial package targeted for petroleum soils and other industrial organics.

BIOACTIVE SOLUTIONS™

Grease Solv

Industrial Microbial Degreaser

Features & Benefits:

- Microbial package combined with green chemistry causes less issues down stream
- Microbes aid in digesting organic material before they travel down stream to cause further upsets
- High count non-pathogenic microbial package continues to post-degrade the organic matter left behind far after surface soils have been cleaned
- Assists in a total odor control solution that gets rid of malodors at their source
- Can be used in many manufacturing degreasing type applications including transit systems, manufacturing houses, engine rooms, bilges, holding tanks and anywhere traditional degreasers have been used
- BioActive Solutions™ Grease Solv will rival any traditional degreaser with the added advantages of the microbial package

Directions for Use:

Shake before use.

LIGHT SOIL: Dilute 1 to 2 oz./gal. (1:128 to 1:64) with water.
MODERATE SOIL: Dilute 4 - 6 oz./gal. (1:32 - 1:21) with water.
HEAVY SOIL: Dilute 12 oz./gal. (1:10) with water or use direct.

FOR USE WITH TRIGGER SPRAY BOTTLE: Spray properly diluted product to soiled areas and wipe with a clean cloth.
FOR USE WITH MOP BUCKETS: Fill mop bucket with properly diluted product as indicated by the soil levels and the dilution instructions. Apply properly diluted product to the floor, let set 3 - 5 minutes. Pick up with tightly rung mop. FOR USE IN AN AUTOMATIC SCRUBBER: Fill solution tank with properly diluted mixture of product. For heavy soils, use double scrub method of cleaning. For porous or grouted floors, scrub brushes may improve the removal of surface soils.

Note: Do not subject this product to disinfectants, boiling water or chlorinated products.

Tech Specs:

Bacteria Count: 200 Billion CFU per gallon

Gram Negatives: not present

Bacterial type: non-pathogenic microbes

Color: Orange

Fragrance: Rain Fresh

pH: 6.0 – 9.0

Contains: Aerobic and Facultative Anaerobic strains

Temperature Range: 60°F to 90°F (4°C to 35°C)

Shelf Life: 1 year

Available In:
