INDUSTRIAL HAND CLEANER

THE INNOVATION YOU MUST TRY!

Contact Betco for more information.

INCREASED DEGREASING, CLEANLINESS, AND DEODORIZATION

- Features 40% more exfoliant than the leading competitor to emulsify and remove greases, oils, and other industrial soils*
- Natural deodorizer actively removes any solvent smells, leaving only a fresh, clean scent - Betco's Timber Jack is a new industry scent!

DECREASED OPERATIONAL AND MAINTENANCE COSTS

- Exclusive conditioning formula virtually eliminates the need for costly, secondary skin-moisturizing lotions or barrier creams — up to 80% less than soap plus conditioner solutions
- Offers a “Clog-Free Guarantee” — eliminates hundreds of dollars in costly facility plumbing repairs because our naturally soluble formula will never build up and clog drains, unlike pumice and walnut shells**

Industrial Hand Cleaner Medicated Hand Lotion

INCREASED HAND HEALTH

- DERMATOLOGIST RECOMMENDED! “Gentle formulation with exclusive abrasives allowing for deep cleansing without stripping the skin”
- In multi-user lab testing, BiCarbonX was proven to increase skin moisture after the initial wash while the leading competitors decreased skin moisture

INCREASED PRODUCTIVITY

- Reduces absenteeism — according to the American Family Physician organization, work-related skin diseases are responsible for an estimated 25% of all lost workdays
- Healthy hands improve employee efficiency and morale

INCREASED SUSTAINABILITY

- Utilizes bio-based, renewable resources
- Has no negative downstream environmental effects
