

FastDraw® 1

Multi-Product Chemical Management System

The Betco® FastDraw® 1 is the most versatile wall-mounted chemical management system, in a small size that fits practically anywhere! Dilute multiple product from a single dispenser to fill spray bottles, mop buckets or automatic scrubbers for consistent cleaning and reduced costs.

BETCO®

FastDraw® 1

Innovative. Versatile. Simple.

Beat The Competition

- No external metering tips that clog and need to be replaced.
- Smallest amount of wall space.
- Two flow rates for bottle and bucket/scrubber filling.
- Every refill has two separate metering orifices for bottles and buckets, giving the most accurate dilutions no matter what you're filling!
- No competitive system has all this!

It's Simple

- Small size fits practically anywhere.
- Installs in minutes.
- Large window for product identification.
- Simplified training – refill bottles are color coded and numbered to match end user bottles.
- Fills both spray bottles and mop buckets with the turn of a lever.
- Tried and tested – first introduced in 2003, FastDraw 1 is both durable and reliable.

FastDraw® 1 Dispenser & Accessories:

- #91043-00 - 1 - FastDraw® 1 Action Gap Dispenser
- #91069-00 - 1 - FastDraw® 1 Air Gap Dispenser
