Touch Free Black or White Dispensers

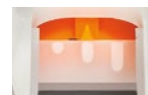

Foam and Lotion/Gel

- 1 Premium matte textured finish
- 2 Improved fill-level visibility
- 3 Locked or open functionality
- 4 ADA compliant
- 5 Durable ABS construction for long dispenser life
- 6 Pre-drilled back plate designed to accommodate existing hole patterns and reduce installation time
- 7 Long lasting permanent pump for up to 94% reduction in post-consumer refill waste and significant savings
- 8 Retaining clip installed to reduce accidental pump disposal
- 9 Improved thick/rich foam quality

- 10 Improved foam pump provides 250,000 activations or approximately 125 refill bags
- 11 4D batteries are included in TF
- 12 Innovative Touch Free motor provides industry-leading battery life of 150,000 shots / 4 years
- 13 New touch free refills with red fitments, designed exclusively for the C3 dispenser.
- 14 Precise portion control with 3 shot size options on internal Dosage Selector located behind the pump for added flexibility and maximum customer value.

0.5ml = 2000 shots / refill
1.0ml = 1000 shots / refill
1.5ml = 667 shots / refill
