

Go Beneath the Surface

Push[®]

All Purpose Cleaner and Odor Eliminator

Most cleaners remove surface dirt, and the surface appears clean. However, below the surface, dirt and common soils are left behind, leading to malodors and resoiling. Push's specially blended probiotics remain below the surface long after initial application, eliminating odors and preventing soil buildup, making cleaning easier.

**Now Available in 3 Fragrances:
Classic Mint, Lemon & Sage, and Mango!**

Push[®]

All Purpose Cleaner and Odor Eliminator

Features & Benefits:

- Complete malodor elimination - Enzyme-producing bacteria to digest complex odor-producing proteins, fats, and greases.
- Safer cleaning - Low VOCs, non-corrosive, non-flammable, non-acidic, non-caustic
- Downstream benefits - Excess product can be pushed down the drain, maintaining drain lines and preventing clogs
- Long-lasting performance - Continuous cleaning extends long after initial application

Directions for Use:

Grease Traps*

For less than 20 cubic feet capacity, add 4 - 5 oz. of product daily by pouring into a sink or pipeline closest to the trap. Perform when the traps are used the least. Flush down with 1 cup of lukewarm water. For traps larger than 20 cubic feet, add 8 - 10 oz. daily using the same procedure.

Septic Tanks

Initial treatment, add 1 pint per 25 cubic feet capacity. Thereafter, use 8 oz. per week. Pour directly into toilet and flush.

Drainlines and Down Pipes

Use product a minimum of 2 times weekly, to a maximum of 4 times. Start on the lowest floor and work 1 floor per day. Do not treat the same floor twice. When the top floor is reached, continue treatment for the top floor only.

Pipe Size/Dosage/Frequency: 2"/4 oz./2 times/wk.; 4"/8 oz./2 times/wk.; 6"/12 oz./2 times/wk.; 8"/16 oz./2 times/wk.

Carpets

For pet odors, pour directly on odor spot. Blot with a clean white cloth. Repeat if the odor persists.

Carpet Machines: To deodorize carpets, add 1/4 cup of product to the solution tank.

Restrooms

To deodorize urinals and bowls, apply to surfaces and surrounding area.

Floors

Dilute 2 - 5 ounces per gallon and mop directly onto floor. Mop excess directly down the drain.

**Dosing is based on recommendations. Higher dosing might be needed based on types of food, amount of grease or size.*

Note: Do not subject this product to disinfectants, boiling water or chlorinated products.

Tech Specs:

Bacteria Count: 300 Billion CFU per gallon

Bacterial Type: Probiotic bacillus cultures

Color: Milky White

Fragrance: Various

pH: 6.5 - 8.5

Temperature Range: 50°F to 100°F (10°C to 37.78°C)

Shelf Life: 2 year

Available In:

Push[®] Classic Mint

13304-00	4 x 1 Gal. Bottles
13305-00	5 Gal. Pail
13312-00	12 x 32 oz. Bottles
