## Improve Attendance from Both Students and Teachers.

**Over 22 million school days will be lost each year** due to the common cold. It only takes a few steps to avoid spreading germs to others. **ONLY** the Compass dispensing system by Betco will guide you to proper hand hygiene.

The Centers for Disease Control recommends a 6-step technique for proper hand hygiene. The LCD screen on each Compass dispenser guides you through each step reducing the spread of germs. For a complete Compass hand hygiene program, please see the implementation guides on [www.betco.com](http://www.betco.com)
