Touch-Free Foam Available in Antibacterial, Non-Antibacterial Soap and Sanitizer Formulas.

Reduce the spread of germs.

Only 5% of the population washes hands according to the guidelines set by CDC. It only takes a few steps to avoid spreading germs to others. ONLY the Compass dispensing system by Betco will guide you to proper hand hygiene.

The Centers for Disease Control recommends a 6-step technique for proper hand hygiene. The LCD screen on each Compass dispenser guides you through each step reducing the spread of germs. For a complete Compass hand hygiene program, please see the implementation guides on www.betco.com
