Increase hand hygiene compliance in your restroom.

35% of Adults say they have witnessed coworkers leaving the restroom without washing their hands. It only takes a few steps to avoid spreading germs to others. ONLY the Compass dispensing system by Betco will guide you to proper hand hygiene.

The Centers for Disease Control recommends a 6-step technique for proper hand hygiene. The LCD screen on each Compass dispenser guides you through each step reducing the spread of germs. For a complete Compass hand hygiene program, please see the implementation guides on www.betco.com
