# The Fastest Way to Recoat Sports Floors...

## It's as Easy as 1-2-3

### STEP 1 PREP THE FLOOR

- Clean the floor with I.F.T. - Intensive Floor Treatment.
- Rinse the floor with Squeaky™ or Game Time Cleaner

### STEP 2 APPLY TYKOTE®

- Use a finish mop or Betco's Quickcoat™ II Finish Applicator System.

### STEP 3 APPLY FINISH

- Use a T-bar applicator and Streetshoe® NXT finish to Coat Today, Play Tomorrow.
- GymShoe™, Emulsion PRO™, and Player's Choice™ One finishes can also be used.

## TyKote® System Advantage

For use on all gym floors previously coated with water-based or oil-modified coatings. The TyKote® bonding agent is the key second step in the re-coating system. It saves time, labor and materials by ensuring adhesion of the top coat and reducing floor prep time.

- Easy preparation with standard equipment.
- Play the next day (when used with StreetShoe® NXT).
- Ensures adhesion to water-based urethane and oil-based gym finishes.
- Just one top coat of finish protects the floor.
- No sanding screen marks.
- Builds a deep gloss with less finish.
- No dust!
- Bonds new finish coat to existing floor.

### TyKote® System Products

TYKOTE™	B0691-4312
GAME TIME CLEANER	B0697-4712
GYMSHOE®	B1677-4312/B1677-0512
I.F.T.	B1111-0412/B1111-0512
SQUEAKY®	B0695-0412/B0695-0512
